

Coffee Roulette Code of Conduct

Through GGM's Coffee Roulette we aim to enable connections across the grant-making profession where participants can benefit from peer support, networking, problem solving, and a space to vent.

The safety and well-being of everyone connected with our community is of paramount importance to us. As such we would like to clarify our expectations of everyone engaging with GGM's Coffee Roulette. We expect everyone to:

1. Establish and maintain connections based on trust and respect
2. Demonstrate sensitivity for the customs, practices, culture and personal beliefs of others
3. Ensure your decisions and actions prioritise the safety and well-being of those you interact with

Ultimately, you're all adults and we trust that you will approach your coffee catch ups in the respectful and inclusive spirit that is at the core of Grant Givers Movement.

If, at any point, you have any concerns about anything related to your coffee catch up, we encourage you to get in touch with us directly by emailing: grantgiversmovement@gmail.com
